

FIG. 1 is a block diagram of a system for restricting calls to a PC. The system includes a PC (20), a call restrictor (8), a local exchange (6), a telephone network (10), a local exchange (12), and an IVR (14). The PC (20) is connected to the call restrictor (8) via a dashed line. The call restrictor (8) is connected to the local exchange (6). The local exchange (6) is connected to the telephone network (10). The telephone network (10) is connected to the local exchange (12). The local exchange (12) is connected to the IVR (14).
